

of Accounting; but it does at any rate give the tables of contents of a large number of recent textbooks. *Der Diplom-Volkswirth : sein Beruf und sein Studium*, (Buchdruckerei der Tübinger Studentenhilfe, 1925) is an interesting outline of the course of studies and of the careers for which they may be regarded as preparing men, issued by one of the smaller universities specialising on the economic diploma and advising students who seek the business diploma to go rather to Cologne or some other of the commercial colleges.

A lament, with some natural exaggeration, over the effect in certain directions of the new economic diploma is to be heard in Schmittmann, *Die Verdrängung des sozialwissenschaftlichen Universitätsstudiums durch das Wirtschaftsdiplom*, (Düsseldorf, Schwann, 1926).
