

- Cleveland iron trade, 181, 182
 Cleveland Iron Works, 193
 Cleveland ore, output of, 377
 Cleveland, Rear-Admiral, 162
 Cleveland Shipbuilding Co., 174
 Clifton & Kearsley Coal Co., 115
 Clifton & Waddell, 223
 Clyde, engine-building on the, 237
 — shipbuilding and engineering on, 226-47
 — output 1863-1905, 233
 — output per indicated horse-power, 1904 and 1925, compared (table), 236
 — variation in class of work turned out, 234
 — yards, output, years ending Dec. 31, 1924 and 1925, 377
 — shipyards, development of, 226
 — Trade Unions, 246
 Coal, amount consumed annually in shipping at sea, 33
 — in steel construction in shipbuilding, 33
 — and engineering in Northumberland and Durham, 149-58
 — and iron companies of Derbyshire, general business progress of, 44
 — deposits of South Staffordshire, 293
 — earliest records of working in Yorkshire, 17
 — export trade in, difficulties of, 350
 — exports from Scottish ports, 1913-25, 213
 — exported from Humber ports and North-Eastern ports compared (1870-1925), 31
 — from United Kingdom (1910-25), table showing, 370
 — historic references to working of, near Sheffield, 17
 — market prices of (1921-25), 371
 — mines in Great Britain, average weekly earnings of all persons engaged in, 364
 — mining disputes (1890-1926), table of, 366, 367
 — output in tons (1913-25), 363
 — national, abstract of interferences, 369
 — owners and miners, losses through Trade Union disputes, 32
 — raised and coal exported, average selling value, 370
 — sorting, screening and preparation of, how improved, 23
 — Strike, 1926, exemplary conduct of miners during, 29
 — subsistence of Yorkshire miners during, 30
 — See also under names of localities (South Wales coal, etc.).
 Coalbrookdale Co., 296
 Coalfield of Cumberland, undersea area of, 124, 125
 — Scottish, 203-13
 Coatalen, Louis, famous designer of S.T.D. motors, 335
 Coatbridge Tin Plate Co., 219
 Cochrane, A., 163
 Cochrane & Co., 198
 Cochrane, C. A., 40
 Codnor Park Works, 39
 Coke, bye-products of, 20, 21
 — oven-plants, siting of, recent practice in, 188
 — ovens, introduction in South Wales, 267
 — date of introduction into England, 20
 — of Yorkshire Collieries, 19, 20
 Collieries, closing of, effect on other industries, 32
 — first-class, number established in Yorkshire during last twenty-three years, 19
 — in Cumberland, 125
 — old, new workings at, 23
 — output of, means of increasing, 23
 — (South Wales), improvements in working of, 258
 — (Yorkshire), concerned with iron and steel works, 24
 — selling association formed between, 24
 Collieries. See also Miners.
 Colliery firms of leading importance, 117
 — interests of John Brown & Co., 67
 — owners, benefits to employees by, 47
 — number in Yorkshire Coalfield, 18
 Coltness Iron Co., 217, 218
 Colville & Sons, D., 208, 219, 225, 228
 Competition, of successful (British), in "neutral markets," impairment of, 347
 Conciliation Board for regulation of wages of South Wales miners, 253
 Connal's Store, 214
 Connell & Co., 235
 Conssett Iron Co., 158, 184, 186
 Continental Steel Trust, 190
 Cooke, Wm., & Co., 50
 Cookson & Co., 157
 Cooper, R. W., 155
 Copper-smelting in South Wales, 280
 — companies of South Wales, 281
 — decline of, 281
 Corn Laws, abolition of, in Great Britain, effect of, on Eastern Counties manufacturers, 89
 Cort, invention of, puddling by, 286

 Cowpen Coal Co., 149, 150
 Coytrahen Park Coal Co., 261
 Crabtree & Sons, engineers, 100
 Cradley Heath, chain trade of, 295
 Craig & Donald, 223
 Craig, J., 208, 209
 Cramlington Coal Co., 150
 Craven Bros., 134
 Cravens Railway Carriage & Wagon Co., 66
 Crawford and Balcarres, Earl of, Chairman of Wigau Coal & Iron Co., 113
 Crewe, railway works at, 329
 Cribbwr Fawr Collieries, 261
 Crofts, engineers, 100
 Crompton & Evans, 40
 Crompton, C. R., 40
 Crow, Harvey & Co., 223
 Crucible steel for cutlery purposes, source of iron used for, 51
 — makers, small, 50
 Cutlers' Company, Sheffield, importance of, 56, 57
 Cutlery manufacture of Sheffield, 49, 50
 — trade, "little massers" in, 50
 Culross Colliery, 207
 Cumberland and Lancashire Coalfield, output of, 15
 Cunningham, A., 216
 Cyfarthfa Works, 270, 272
 Dale, Sir D., 184, 200
 Dale, Sir J., 200
 Dalmellington Co., 209
 Dalmellington Iron Co., 217, 218
 Dalton Main Colliery, 19
 — Co., 21, 66
 — proprietors of, 67
 Darby, Abraham (the first), 286, 287, 296
 — (the second), 297
 Darby, A. E. W., 298
 Darby family of Coalbrookdale, smelting of iron with coal by, 286
 Darlington Forge, 156
 Darlington Iron Works, 200
 Darlington Rolling Mills, 193
 — Co., 156
 Darwen & Mostyn Iron Co., pig iron produced by, 128
 Daryngton, Rt. Hon. Lord, 200
 Davies, David, pioneer Welsh coal-owner, 255
 Davies, Lt.-Col. David, M.P., 255
 — Chairman, Ocean Coal & Wilsons, 261
 Davis, D., & Sons, Chairman, 260
 Davis & W. Henderson & Co., 228
 Davy Bros., 50
 Dawdon Colliery, 149, 152, 153
 Dawes, G. H., discoverer of Frodingham Ironfield, 75
 Deacon, Maurice, 41
 Dean, Smith & Grace, lathe-makers, 99, 100
 "Demarcation" rule of trade unions, British work handicapped by, 351, 352
 Denaby & Cadeby Colliery, 19
 Denny & Bros., W., 227, 235, 237, 244
 Denny, M. E., 227
 Derby Locomotive Works, 330
 Derbyshire and Nottinghamshire coal and iron, 34
 — pig iron, market for, 34
 — collieries of, 37
 — district blast furnaces in (1855), 35
 — iron and coal companies of, general business progress of, 44
 — industry, in earlier years, 34, 35
 — workers of, 45
 — iron works of, progress estimated, 42
 — lead mining in, 44
