¹ Minimum rate.² Maximum rate.³ The phraseology of this paragraph has been changed to provide for certain linens at 55 per cent ad valorem by transfer from paragraphs 1010 and 1011, the rates of which are 40 per cent ad valorem and 35 per cent ad valorem, respectively. Import statistics are not segregated for a recomputation.⁴ See footnote 6.⁵ Changes in phraseology increasing the thread count limitation per square inch from 110 to 120 transfers paddings and interlinings of flax or hemp from paragraph 1010 to 1009b. Value estimated at \$200,000. Duties calculated on changed values.⁶ Includes imports of artists' canvas, which has been transferred to paragraph 1009 at 55 per cent ad valorem. Import statistics not being segregated for application of these rates the 40 per cent rate under the old paragraph has been used.⁷ Includes paddings exceeding 110 but not exceeding 120 threads to square inch. Imports not segregated, therefore can not apply rate of 55 per cent.⁸ Changes in phraseology reduces the weight limitation from 4½ to 4 ounces per square yard and increases the width limitation from 24 to 36 inches and transfers fabrics from paragraph 1011 to paragraph 1010. Values estimated at \$2,000,000. Duties calculated on changed values.⁹ Provided that any of the handkerchiefs made with hand-rolled or hand-made hems shall be subject to an additional duty of 1 cent each. Import statistics are not segregated and it is estimated that 25 per cent (848,515 dozen) would be subject to the additional duty.
