<sup>2</sup> Duty based on clean content, estimated at 55 per cent of total weight.

<sup>3</sup> Duty based on clean content, estimated at 75 per cent of total weight.

<sup>4</sup> Sorted or matchings, if not scoured, 25 cents per pound, clean content. Import statistics not segregated for application of rates.

<sup>5</sup> Clean content.

<sup>6</sup> Under act of 1930 wools not finer than 44's in the grease or washed, 29 cents; scoured, 32 cents; on the skin, 27 cents; and sorted or matchings, if not scoured, 30 cents per pound of clean content. Sorted or matchings, finer than 44's, if not scoured, 35 cents per pound of clean content. As imports statistics are not segregated to permit the application of the various duties, the rate for wools finer than 44's has been used, as the bulk of the imports are of that class.

<sup>7</sup> Includes card or bur waste, carbonized, 23 cents per pound; not carbonized, 16 cents per pound. Import statistics not segregated for application of rates.

<sup>8</sup> Rates as amended are: Mungo, 10 cents per pound; flocks, 8 cents per pound. As imports of mungo are negligible the rate for flocks was used in computing the duty.

<sup>9</sup> Includes compensatory duty for duty on raw wool.

<sup>10</sup> Felts, belts, blankets, jackets, or other articles of machine clothing, for paper making, printing, or other machines, when woven, wholly or in chief value of wool, as units or in the piece, finished or unfinished, shall be dutiable at the rates provided in par. (a). Import statistics not segregated for application of rates.

Import statistics are not segregated; it is assumed that the lower bracket will apply.

<sup>12</sup> Blankets exceeding 3 yards in length and dutiable at same rate as woven fabrics of wool weighing more than 4 ounces per square yard. Not provided for in act of 1922.

<sup>13</sup> 2,028,002 dozens.
